The collagen market consists of sales of collagen by entities (organizations, sole traders, and partnerships) that refers to protein molecules made up of amino acids. It provides the body its shape to the extracellular space of connective tissues. Due to its high strength and resistance to stretching, it is perfect for skin, tendons, bones, and ligaments. Collagen can be divided into several groups based on the type of structures they form.

## Global [Collagen Market Trends](#)

Nutritional gummies, chewable soft capsules, and enteric capsules are the recent trends in the collagen market. Major companies operating in the collagen sector are focused on developing new product solutions to strengthen their position. For instance, Vital Proteins Collagen Gummies, OLLY Glowing Skin Vitamin Gummies, NeoCell Beauty Bursts Collagen Soft Chews, HairOmega Multivitamin Gummy System are some of the trending collagen gummy brands that were introduced in the market in 2021. These gummies are rich in biotin and are responsible for nourishing the skin and supporting hair and nail growth.

## Global [Collagen Market Segments](#)
