

## Investics to Provide IdealRatings ESG Data

WESTON, MA, UNITED STATES, May 24, 2022 /EINPresswire.com/ -- Investics Data Services Company, Inc. is pleased to announce an expansion of ESG data and analytics capabilities with the addition of Regulatory Data Sets from IdealRatings. This data set covers and maps announced/released Sovereigns' sustainability-related guidelines, such as Sustainable Finance Disclosure Regulation (SFDR) and EU Taxonomy.

"IdealRatings has been among the industry leaders in the ESG data arena for over 16 years by providing more than 500 relevant data points emanating from some 10 million data entries across over 40,000 companies globally. With all that is taking place in the world today, IdealRatings data can help satisfy the need for ESG qualitative and quantitative measures segmented by company revenue, business involvement, UN Global Company Principles and countries of concern", said William Pryor, President of Investics.

"It is a pleasure to partner with Investics, who bring their unique pre-modeled data management approach to the institutional investing community. With the additional coverage of IdealRatings, the Investics platform significantly increases its depth and breadth of ESG data available", says Mohamed Donia, Co-founder and CEO of IdealRatings.

By accessing IdealRatings ESG data from Investics, subscribers will receive data which has been normalized, enriched, optimized and integrated with Open FIGI security identifiers to provide frictionless analytics ready, plug and play information for sustainable investing, portfolio and company analysis, risk management, compliance monitoring and regulatory, as well as other reporting use cases. These ESG datasets are available throughout the Investics Cloud Ecosystem© (ICE), including DARTS© data marketplace, Fusion© data fabric, IMPRES© calculation engine and Vision© data visualization capabilities.
