The contract research and manufacturing services (CRAMS) market consists of sales of outsourcing services by entities (organizations, sole traders, and partnerships) that provide outsourcing research services or product manufacturing activities from low-cost providers in the form of contract research organization (CROs) and contract manufacturing organizations (CMOs). A contract research organization is an organization that provides services on a contract basis in the form of preclinical and clinical research services to the pharmaceutical and biotechnology industries. A contract manufacturing organization is an organization that manufactures pharmaceutical products under contract and offers to a client a wide range of services from drug development to manufacturing.

Artificial Intelligence (AI) is increasingly being used by the key players to strengthen its market

position and shaping the contract research and manufacturing services (CRAMS) market outlook. Artificial Intelligence is a branch of computer science dealing with the simulation of human behavior in machines. According to the global CRAMS market analysis, AI can help to avoid costly maintenance by predicting when maintenance is needed by supporting the healthcare system. For instance, in May 2021, the Center for Artificial Intelligence, a part of the Saudi Data and Artificial Intelligence Authority (SDAIA) signed a memorandum of understanding (MOU) with IQVIA for exploring opportunities of mutual interest to advance innovation in the field of healthcare data in the Kingdom by developing common ideas and research in the field of data and artificial intelligence. In addition, IQVIA launched the Avacare clinical research network in February 2020, a technology-based global site network that provides an opportunity for more clinical trials at experienced clinical and research sites. Avacare uses innovative clinical technology with advanced analytics to deliver artificial intelligence-based patient recommendations and data-driven registration.

Global Contract Research And Manufacturing Services (CRAMS) Market Segments
