

# Battlefield Management Systems Market Share, Size, Opportunity and Forecasts 2027 | Exclusive Report by Emergen Research

*Battlefield Management Systems Market Trends – Higher usage of Artificial Intelligence in defense intelligence agencies*

VANCOUVER, BC, CANADA, May 23, 2022 /EINPresswire.com/ -- The Global [Battlefield Management Systems Market](#) is forecasted to be worth USD 21.79 billion by 2027, according to a current analysis by Emergen Research.

The key factors influencing the market include increasing usage of battlefield intelligence, rising demand for cyber

security in military & defense intelligence involving the data breaches from the confidential governing bodies, rising threats & tensions in asymmetric warfare, and growing investment in the defense bodies & foreign intelligence platforms, among others.

“

Battlefield Management Systems Market Size – USD 14.86 billion in 2019, Market Growth - CAGR of 4.8%, Market Trends – Higher usage of Artificial Intelligence in defense intelligence agencies”

*Emergen Research*

Emergen Research Logo

Besides, extensive emphasis on the common operating picture (COP) of the military operations, and higher capabilities of information dominance, battlefield awareness, and decision advantages of the next generation machineries & information technology pertaining to surveillance & reconnaissance, cyber security & data warfare especially, are the crucial reasons behind the enormous growth of this market.

The global market landscape of Battlefield Management Systems is expected to remain in a very competitive and highly fragmented landscape consisting of a number of both the small start-ups,

medium enterprises, and large conglomerates. During the projected era, increasing demand for technological development and higher diversification in offered products ensure the enormous potential for the innovative players.

key findings from the report suggest

In May 2020, BAE Systems announced the completion of the acquisition of the business of Airborne Tactical Radios of Raytheon Technologies Corporation. This acquisition will help deliver game-changing electronic mission and control solutions for their customers.

The Defense Intelligence is growing with the fastest CAGR of 6.3% throughout the projected period owing to its higher incorporation of intelligence protocols, including the nextgen communication, surveillance, reconnaissance, information fusion & data analytics, electronic warfare & spectrum dominance, and cyber control systems, among others.

The regions in the Asia Pacific led by China, India, Japan, and South & North Korea are allotting a considerable budget for their defense grooming purposes. Besides, growing incidences of interpersonal stand-offs, asymmetric warfare, along with a higher economic development, enhancement in the technological industry deliberately help propel the battlefield management systems market enforcement.

Key players in the market The Boeing Company, BAE Systems, Lockheed Martin, Rockwell Collins, Elbit Systems, Northrop Grumman, Thales Group, Leonardo S.p.A., Raytheon Company, and General Dynamics, among others.

Market Dynamics:

The report offers insightful information about the market dynamics of the Battlefield Management Systems market. It offers SWOT analysis, PESTEL analysis, and Porter's Five Forces analysis to present a better understanding of the Battlefield Management Systems market, competitive landscape, factors affecting it, and to predict the growth of the industry. It also offers the impact of various market factors along with the effects of the regulatory framework on the growth of the Battlefield Management Systems market.

For the purpose of this report, Emergen Research has segmented into the global Battlefield Management Systems Market on the basis of Application, Platform, Component, Technology, and Region:

Application Outlook (Revenue: USD Billion; 2017-2027)

Computing System

Navigation & Imaging System

Communication & Networking System

Surveillance & Reconnaissance

Intelligence & Data Warfare

Combat Simulation, Training & Health Monitoring  
Others

Platform Outlook (Revenue: USD Billion; 2017-2027)

Land  
Airborne  
Naval  
Joint  
Space

Component Outlook (Revenue: USD Billion; 2017-2027)

Computer Hardware Devices  
Computer Software  
Display Devices  
Imaging Devices  
Night Vision Devices  
Tracking Devices  
Wired Communication Devices  
Wireless Communication Devices  
Identification Friend or Foe (IFF)  
Others

Read More: <https://www.emergenresearch.com/industry-report/battlefield-management-systems-market>

Technology Outlook (Revenue: USD Billion; 2017-2027)

Artificial Intelligence  
3D Printing  
Internet of Things  
Wearable Devices  
Others

The current COVID-19 pandemic is expected to have an effect on the growth of the Battlefield Management Systems industry majorly attributable to the movement restrictions and impact on the supply and demand due to the lockdowns. The COVID-19 pandemic has affected several sectors of the global market, and the Battlefield Management Systems sector is expected to feel the impact of the pandemic. The economic slowdown and dynamic changes in the demands will further affect the growth of the industry. The report covers the impact analysis of the COVID-19 pandemic on the overall Battlefield Management Systems industry.

The report further studies the latest technological and product developments of the regions and offers key insights into current and emerging trends. It also studies investment opportunities, consumption and production patterns, supply and demand, consumer demand and behavior,

economic growth, macro- and micro-economic growth factors, regulatory framework, government support, and presence of key players in each region. The key regions list comprises of North America, Latin America, Europe, Asia Pacific, and Middle East & Africa along with their market size, market share, and revenue CAGR with key factors influencing the market growth.

Key questions addressed in the report:

Who are the leading players dominating the global Battlefield Management Systems Market?

Which factors could potentially hamper the global market growth during the forecast period?

Which regional market offers the most attractive growth opportunities to the companies operating in this market?

How is the raw material availability affecting the demand for Battlefield Management Systems in this industry vertical?

The study dives deep into the profiles of top market players and their key financials. This comprehensive report is not only for business analysts and any existing and new entrant can use it when designing their business strategies. The research is one of its kind global analyses of aspects such as import and export status, supply chain management, profit and gross margin worldwide for the forecast period 2020 - 2027. Extensive coverage of statistics associated with recent events including acquisition and mergers and strengths and weaknesses of a company forms an important part of the study on the Battlefield Management Systems market.

## Table of Content

### Chapter 1. Methodology & Sources

#### 1.1. Market Definition

#### 1.2. Research Scope

#### 1.3. Methodology

#### 1.4. Research Sources

##### 1.4.1. Primary

##### 1.4.2. Secondary

##### 1.4.3. Paid Sources

#### 1.5. Market Estimation Technique

### Chapter 2. Executive Summary

#### 2.1. Summary Snapshot, 2019-2027

### Chapter 3. Key Insights

### Chapter 4. Battlefield Management Systems Market Segmentation & Impact Analysis

#### 4.1. Battlefield Management Systems Market Material Segmentation Analysis

#### 4.2. Industrial Outlook

##### 4.2.1. Market indicators analysis

##### 4.2.2. Market drivers analysis

##### 4.2.2.1. Growing emphasize on battlefield technology upgrade

4.2.2.2. Asymmetric welfare interpersonal relationships among countries

4.2.2.3. Huge growth in the IoT devices & information technology

4.2.3. Market restraints analysis

4.2.3.1. Regulatory hurdles & higher cost associated to it

4.2.3.2. Inefficient research methodologies

4.3. Technological Insights

4.4. Regulatory Framework

4.5. Porter's Five Forces Analysis

4.6. Competitive Metric Space Analysis

4.7. Price trend Analysis

4.8. Covid-19 Impact Analysis

Chapter 5. Battlefield Management Systems Market By Application Insights & Trends, Revenue (USD Billion)

5.1. Application Dynamics & Market Share, 2019 & 2027

5.1.1. Computing System

5.1.2. Navigation & Imaging System

5.1.3. Communication & Networking System

5.1.4. Surveillance & Reconnaissance

5.1.5. Intelligence & Data Warfare

5.1.6. Combat Simulation, Training & Health Monitoring

5.1.7. Others

Thank you for reading our report. Customization of the report is available according to the requirements of clients. Kindly get in touch with us to know more about the report, and our team will ensure the report is tailored according to your needs.

Benefits of Purchasing Global Battlefield Management Systems Market Report:

Inimitable Expertise: Analysts will provide deep insights into the reports.

Analyst Support: Get your query resolved from our team before and after purchasing the report.

Strategic Recommendations: The report is helpful for the start-ups, and new entrants as it provides comprehensive analysis and recommendations on the basis of qualitative and quantitative analysis.

Customer's Satisfaction: Our team will assist with all your research needs and customizes the report.

Assured Quality: We focus on the quality and accuracy of the report.

Finally, all aspects of the Battlefield Management Systems Market are quantitatively as well qualitatively assessed to study the global as well as regional market comparatively. This market study presents critical information and factual data about the market providing an overall statistical study of this market on the basis of market drivers, limitations and its future prospects.
