

Inhalation and Nasal Spray Market Size Worth USD 44.36 Billion By 2027 with CAGR of 5.5%

The growth of the market is attributed to the increasing prevalence of COPD and asthma on a global scale and the low cost of procuring generic drugs

VANCOUVER, BC, UNITED STATES, May 24, 2022 /EINPresswire.com/ --

The global [Inhalation and Nasal Spray Market](#) will be worth USD 44.36 billion by 2027, according to a current analysis by Emergen Research.

An increasing number of patients are suffering from COPD and asthma because of which the sales figures of nasal sprays and generic inhalers in likely to grow within the forecasted span. Consumers prefer nasal route as an alternate to injections or pills. Nasal sprays are mainly used for treating local health problems like rhinitis and nasal congestion.

Market Size – USD 28.91 Billion in 2019, Market Growth - CAGR of 5.5%, Market Trends – Growing adoption of nasal spray as effective route of drug self-administration”

Emergen Research

Additionally, it is also used to treat sneezing, runny, stuffy, or restless nose, watery eyes caused by allergic rhinitis or different allergies, making it a go-to option for self-help of consumers. Nasal sprays are available as prescription drugs as well as over the counter, which makes it easily procurable thereby causing no hindrance to the market growth. Additionally, high costs associated with healthcare, primarily within the developed countries are drawing attention of patients towards generic medication, thereby contributing to the expansion of the inhalation and nasal

spray market.

The report studies the factors influencing the growth of the industry in the global Inhalation and

Nasal Spray Market and offers accurate predictions about the growth pattern. The report pays special attention to the key elements of the Inhalation and Nasal Spray Market, such as drivers, restraints, opportunities, threats, risks, limitations, and other aspects. The report covers a comprehensive analysis of the competitive landscape with a detailed analysis of the company profiles, product portfolio, and business expansion strategies.

Key participants include Nephron Pharmaceuticals Corporation, Allergan plc, Roxane Laboratories, Inc., Ranbaxy Laboratories Ltd. and Beximco Pharmaceuticals. among others.

Highlights from the Report

In September 2020, Marinomed Biotech, an Austria based respiratory and ophthalmology organization received approval for Carragelose, a first of its kind over-the-counter medicinal product. It contains decongestant xylometazoline which helps to reduce swelling of mucous, thereby assisting in easy breathing.

Most of the generic medications have been approved by the U.S. Food and Drug Administration. This is because they have met all the rigid standards as a potentially efficient drug tagged at very affordable prices. Patent expiration of a branded drug ends up in competition among generic medicine manufacturers to provide generic versions at lower costs.

The principle behind such low costs of inhalation and nasal spray generic medication is that no R&D investments, marketing, promotion, and advertising are concerned in the production of generic medication. Moreover, a wide variety of generic medicine makers have approvals to market and sell one particular product.

North America dominated the inhalation and nasal sprays market in 2019 and is likely to continue its dominance throughout the forecasted period. This can be attributed to the increase in the prevalence of COPD and other respiratory disorder. Moreover, the growing number of awareness programs initiated by various governments across the analyzed regions concerning the supply of generic inhalation medication is anticipated to affect the growth of the market positively.

For the purpose of this report, Emergen Research has segmented into the global Inhalation and Nasal Spray Market on the drug type, application and region:

Drug Type Outlook (Revenue, USD Billion; 2017-2027)

Corticosteroids

Bronchodilators

Antihistamines

Decongestant Sprays

Others

Application Outlook (Revenue, USD Billion; 2017-2027)

Asthma

Chronic Obstructive Pulmonary Disease (COPD)

Allergic Rhinitis

Others

Geographical Segmentation:

The latest research report entails an in-depth analysis of the current growth opportunities for various regions of the Energy as a Service Market, gauging their revenue share over the forecast timeline. Furthermore, the report analyses the year-on-year growth rate of these regions over the forecast duration. The leading market regions profiled in the report are North America, Europe, Asia Pacific, Latin America, and Middle East & Africa.

The report offers a comprehensive understanding of the impact of the COVID-19 pandemic on the overall market growth and expansion. COVID-19 has affected the global economy by interfering with production and demand, causing market disruption, and inducing financial instability.
