Through the resources available to me, I make educated recommendations based on value, destination, group size and seasonality, among other things to customize the best vacation possible. Since Cruise Planners has achieved top-

producer status with every major cruise line and with many major travel partners, I am able to provide my customers with the best value along with my expertise and personalized service.” Schneider recently finished a 35 year hospitality career working with Hilton's, Marriott's, Hyatt's and IHG branded hotels.

The cruising trend has continued to evolve, and cruisers today are more adventurous and youthful. There has also been a surge of multi-generational cruisers – families who take their [cruise vacations](#) together. Many travelers are experiencing culturally immersive European river cruises, which is increasingly popular for savvy travelers. No matter the cruise line or destination, cruises offer a satisfying, convenient and value-oriented way to travel.

Many travelers are also opting to go on land-based vacations, enjoy all-inclusive resort stays, explore foreign countries via a guided tour and experience high- adventure trips around the world.

“As a Cruise Planners franchise and my 35 years working with hotels, I sell complete vacation packages from exotic getaways to romantic retreats and culturally immersive European experiences to customized African safaris and of course cruises,” Schneider said. “Some people want to go on a cruise one year, and then a land-based vacation the next – I offer them a one-stop-shop with a personalized touch.”

As an American Express Travel Services Representative agency, Cruise Planners offers special programs for both American Express card holders and non-card holders, offering even more added value to vacationers.
