EXPERIENCES

The resort borders the Malindi Marine National Park. Grab a mask and fins to snorkel and view the prolific marine life of the park: coral gardens in the lagoons, seagrass beds, turtles and more via a Kaliffa. Made entirely by hand by local craftsmen using typical hardwoods, a Kaliffa is the perfect vessel for navigation inside the coral reef where one can reach unspoiled coves in style and privacy, cruising, and swimming in the crystal-clear sea. The regal Maasai culture and art are imbued throughout the region with their distinctive customs and dress. Visit local communities for an authentic and immersive experience.

The Tsavo East National Park safari/nature experience is a short drive from Malindi. The sight of dust-red elephant wallowing, rolling, and spraying each other with the midnight blue waters of palm-shaded Galana River is one of the most evocative images in Africa. The park forms the largest protected area in Kenya and is home to most of the larger mammals, vast herds of dust-red elephant, Rhino, buffalo, lion, leopard, pods of hippo and the prolific bird life features 500 recorded species.

LOCATION

A short flight from Nairobi, Malindi has remained unchanged over the years keeping its appeal of "fishing village" and offering all the services of a famous tourist destination. Guests will find an atmosphere both warm and welcoming in an entirely safe surrounding. The natural beauty of the coast, the many beaches and bays lined with palm trees, the ideal tropical climate and the magic of the Indian Ocean make it the ideal place for a dream vacation.
