

Guardian Life Group Dental Offers Virtual Dental Visits and Emergency Dental Care With TeleDentistry.com

LAS VEGAS, NV, USA, May 31, 2022

/EINPresswire.com/ -- Seeing a dentist virtually can be a beneficial option for dental emergencies outside of normal office hours or when a patient is away from home and unable to get an appointment with their regular dentist. Virtual dental care also has grown in importance since the emergence of COVID-19.

Guardian Life is pleased to offer virtual dentist visits to its group members via Teledentistry.com, which provides

access to emergency dental care 24 hours a day, 7 days a week. The service is available for Guardian members whose plans include coverage for oral exams.

“

With Teledentistry.com Guardian has chosen to improve access to care for its members with a convenient and easy to use platform.”

Dr. Vilas Sastry

“Teledentistry.com is dedicated to improving access to dental care. Our team of dentists are ready to help with a virtual consultation, prescribe medications as appropriate, and then refer patients to a local in-network dentist for regular care,” said Dr. Vilas Sastry, CEO of Teledentistry.com. “We are proud to partner with Guardian to help support their members with a virtual dentist anytime, anywhere.”

“Virtual dentistry has become a helpful resource when an in-person visit is not possible and may even spare a trip to a hospital emergency room,” said Jill Purcell, Head of

Dental and Vision products for Guardian. “Providing access to this care helps inspire well-being when a member can’t reach their own dentist or doesn’t have one.”

Access to Teledentistry.com entails three straightforward steps. Guardian dental members:

Call 866-979-1116 or login to Guardian's dedicated portal at <https://teledentistry.com/insurance-carriers/guardian/> provide information requested connect with a Teledentistry.com dentist to begin the consultation.

After the consultation, TeleDentistry.com will refer the member to a local in-network dentist for any further treatment.

Guardian members can use the virtual service when they are having a dental emergency and do not have a dentist; need access to a dentist after hours; or need a consult with a dentist without leaving home or while traveling.

Guardian virtual dental care visits don't replace regular dentist visits. The service is a convenient way for members to triage emergency dental needs no matter where they are and at all hours of the day.
