OKI White Toner Printer Available with Exclusive Features Such as Online Design Software, Start-up Kit and New Mac-based RIP

SUNNYVALE, CALIFORNIA, UNITED STATES, May 25, 2022

/EINPresswire.com/ -- InkJetBiz is pleased to announce the availability of the new [Crio 8432WDT white toner printer](#). InkJetBiz will be offering the Crio line with its exclusive online graphics design software and a bundled start-up kit. Additionally, InkJetBiz is the first company to offer a true Mac-based RIP for the Crio / OKI product line.

Crio 8432WDT White Laser Printer System

The new Crio 8432WDT provides HD-quality color digital transfer output for apparel, hard goods and a wide range of promotional materials. It features advanced, best-in-class white toner technology with solid opacity and CMY color.

The 8432WDT is a compact, affordable device that features a straight-through print path and high-efficiency material handling for ease of operation and lower cost-of-ownership. Versatile and cost-effective, the 8432WDT supports interchangeable black and white toner. This SWAP toner technology offers the unique ability for new and existing customers to accommodate both CMY + White or CMY + True Black printing – in a single printer. Included standard with the printer is the PC-based CADLink RIP for OKI, tablet for support and training, toners and of course the Crio 8432WDT manufactured by OKI.

InkJetBiz Includes More

When purchasing the Crio 8432WDT from InkJetBiz, a user will receive far more capabilities than those offered by others. The InkJetBiz offering includes the following with each printer (the optional items are separate):
