

Polymethyl Methacrylate Global Market To Grow At Rate Of 10% Through 2026

The Business Research Company's Polymethyl Methacrylate Global Market Report 2022: Market Size, Trends, And Forecast To 2026

LONDON, GREATER LONDON, UK, May 26, 2022

/EINPresswire.com/ -- According to 'Polymethyl Methacrylate Global Market Report 2022 – Market Size, Trends, And Global Forecast 2022-2026' published by The Business Research Company, the polymethyl methacrylate market size is expected to grow from \$4.85 billion in 2021 to \$5.05 billion in 2022 at a compound annual growth rate (CAGR) of 4.17%. The growth in the market is mainly due to the companies' resuming their operations and adapting to the new normal while recovering from the COVID-19 impact, which had earlier led to restrictive containment measures involving social distancing, remote working, and the closure of commercial activities that resulted in operational challenges. The global PMMA market is expected to reach \$7.28 billion in 2026 at a CAGR of 9.55%. The increasing demand for PMMA in the electronic and automobile industries is contributing to the polymethyl methacrylate industry growth.

The polymethyl methacrylate market consists of sales of polymethyl methacrylate materials by entities (organizations, partnerships, and sole proprietors) that are used as a substitute for glass in products such as illuminated signs, skylights, shatterproof windows, and aircraft canopies. Polymethyl methacrylate is a synthetic polymer that is hardened at room temperature and has less strength and low toxicity. PMMA is used in various industries, such as automotives, electronics, construction, signs and displays, and sanitary ware.

The development of bio-based PMMA is providing opportunities to expand and is a key trend gaining popularity in the market. Bio-based PMMA is supposed to be a substitute in medical devices due to its biocompatibility compared to others. The medical industry has a higher demand for bio-based PMMA. Companies are also increasingly working on introducing new bio-based PMMA.

Global Polymethyl Methacrylate Market Segments

By Form: Extruded Sheet, Cast Acrylic Sheet, Pellets, Beads

By End-User Industry: Building and Construction, Electrical and Electronics, Automotive and Transportation, Signs and Displays, Others (Medical, Furniture)

By Grade: General Purpose Grade, Optical Grade

By Geography: The global polymethyl methacrylate market is segmented into North America, South America, Asia-Pacific, Eastern Europe, Western Europe, Middle East and Africa. Among these regions, Asia-Pacific accounts for the largest share.
