UAV Technology Conference 2022 - Gold Sponsors: Echodyne and Leonardo

Several leading nations have already signed up to speak at [UAV Technology 2022](#). The international line-up of speakers will share their knowledge and insights through various engaging briefings throughout the two days, to enable delegates to leave with a plan for their country's future UAV platform.

For those interested in attending, the £300 early bird offer will expire in a few days. Register by 31st May 2022 to take advantage of this discount at <http://www.uav-technology.org/pr2>.

The nations set to speak include:

Australia

- Wing Commander Jonathan McMullan, Detachment Commander, Project Air 7003 Resident Project Team, Royal Australian Air Force

Canada

- Lieutenant Colonel Julien Letarte, RPAS Project Director, DAR 8, Royal Canadian Air Force

Germany

- Lieutenant Colonel Ralf Kleindienst, Program Director UAS, Federal Office of Bundeswehr Equipment, Information Technology and In-Service Support (BAAINBw)

Greece

- Lieutenant Colonel Nikolaos Oikonomakis, Contract, Programme Manager, General Directorate for Defence Investments & Armaments, Greek Ministry of National Defence
- The UK
- Air Commodore Simon Strasdin, ISTAR Force Commander, Royal Air Force
 - Wing Commander Neil Hallett, PM Remote Piloted Air Systems Protector and Reaper, Royal Air Force
 - Colonel Paul Hughes, Chief Engineer and Type Airworthiness Authority, Remotely Piloted Aircraft Systems Delivery Team, DE&S, UK MoD
 - Major Harry Mousley, SO2 ISTAR, Warfare Branch, Land Warfare Centre, British Army
- The USA
- Lieutenant Colonel Lewis Christensen, Commander, 22 Attack Squadron, U.S. Air Force
 - Major Rex Rafferty, Deputy Chief, MQ-9 Operations Branch, Air Combat Command, U.S. Air Force
 - Major Joseph Ritter, Operations Officer / Evaluator Pilot, 65 Special Operations Squadron, U.S. Air Force Special Operations Command (AFSOC)
 - Lieutenant Colonel Lewis Christensen, Commander, 22 Attack Squadron, U.S. Air Force
 - Mr Ben Tran, Branch Chief, Sensing Management Branch, Multi-Domain Sensing Autonomy Division, Sensors Directorate, U.S. Air Force Research Laboratory
