## [Global Legal Marijuana Market](#) Analysis and Size

In the past years, use of marijuana as a recreational drug has been outlawed in numerous countries. Countries such as Uruguay and Canada along with several states in the U.S. have legalized the production, sale, and possession of marijuana for medical and recreational usage owing to the result of long-fought legalization efforts.

Global Legal Marijuana Market was valued at USD 22.93 billion in 2021 and is expected to reach USD 131.88 billion by 2029, registering a CAGR of 20.50% during the forecast period of 2022-2029. "Oils" accounts for the largest product type segment owing to the high usage of cannabis or marijuana oil in countries, like the U.S., Canada, and Colombia, among others.

This study also covers company profiling, specifications and product picture, sales, market share and contact information of various regional, international and local vendors of Legal Marijuana Market. The market proposition is frequently developing ahead with the rise in scientific innovation and M&A activities in the industry. Additionally, many local and regional vendors are offering specific application products for varied end-users. The new merchant applicants in the market are finding it hard to compete with the international vendors based on reliability, quality and modernism in technology.
