

Celebrity Dog Trainer Ryan Matthews Launches On-demand DIY Dog Training Video Course

One of the nation's top celebrity dog trainers has unveiled a revolutionary video course.

HUNTINGTON BEACH, CALIFORNIA, UNITED STATES, May 27, 2022 /EINPresswire.com/ -- According to the [American Veterinary Medical Association](#), more than 76 million people in the United States own a dog.

Representatives with Celebrity Dog Trainer and Combat Veteran Ryan Matthews are proud to announce today that it has launched an On-Demand DIY Dog Training Video Course.

"I am now offering the masses who prefer to learn online the same dog training system that I teach in-person clients. Our in-depth training is perfect for all dogs, all breeds, all ages – and all owners," said Matthews, founder, CEO, and spokesperson for [World Of Dog Training](#). "We pride ourselves on educating dog lovers on canine language and effective training."

Matthews has successfully trained over 3,000 pet dogs, has written two dog training books, and has given two TEDx talks about dogs ("Overcoming PTSD Using Dog Training Techniques" and "Let's Treat Each Other More Like Dogs").

"Sometimes people have a hard time getting the training they need because their schedules don't align with a trainer in their local area. Now they can learn and train anytime they want from the comfort of their home," highlighted Matthews.

The newly launched On-Demand DIY Dog Training Video Course teaches dog owners how to:

- Train Your Dog to Obey Your Commands
- Resolve Your Dog's Behavior & Obedience Problems

- Overcome The Challenges You Face with Your Dog

"You can train your dog like a pro with your smartphone or tablet," Matthews stressed. "I love that pet parents can now go back and replay the videos on any device, because let's face it dog training is like learning a new language and now everyone can learn at the pace they are comfortable with."

The availability of the On-Demand DIY Dog Training Video Course has great timing. [According to industry data](#), after the pandemic pet adoption surge, more customers are seeking advice on how to train their new family members.
