

# India Soft Skills Training Market is Growing at a CAGR of 15.14% During the Forecast Period 2022-27

SHERIDAN, WYOMING, UNITED STATES, May 27, 2022 /EINPresswire.com/ --

According to the new market research report by IMARC Group "[India Soft Skills Training Market: Industry Trends, Share, Size, Growth, Opportunity and Forecast 2022-2027.](#)" The India soft skills training market is expected to exhibit a CAGR of 15.14% during 2022-2027. Soft skills are a set of various character traits and intrapersonal attributes that enable working professionals to enhance their skillsets for accomplishing long- and short-term personal and business goals. At

present, online and offline training methods are widely considered to be preferred options. These training courses assist in improving productivity, emotional intelligence, communication skills, and leadership qualities. This, in turn, aid enterprises in establishing a stronger team, increasing sales, optimizing workflow, and improving employee retention.

India Soft Skills Training Market Trends:

The widespread adoption of soft skills across the hospitality, [healthcare](#), retail, banking, financing, servicing, and insurance (BFSI), and media and entertainment sectors for improving various employee attributes, including diligence, competence, and cohesiveness to bridge the skill gap amongst professionals in India, is currently driving the market growth. In line with this, the shifting inclination toward the online soft skill training programs on account of the rapid outbreak of coronavirus disease (COVID-19) and consequent implementation of mandatory lockdowns across the nation are propelling the market growth. Moreover, the widespread incorporation of collaborative learning methods in university curriculums to create lucrative job

opportunities is also creating a positive outlook for the market.
