

Intely Acquires SOC 2 & HIPAA Compliance Certification

This compliance in accordance with AICPA standards further demonstrates its commitment to the healthcare industry's highest security & data protection standards

ORLANDO, FL, UNITED STATES, May 27, 2022 /EINPresswire.com/ -- Intely Inc. is proud to announce that it has attained SOC 2 Type I and HIPAA compliance in accordance with American Institute of Certified Public Accountants (AICPA) standards, further demonstrating its commitment to the highest security and data protection standards in the healthcare industry.

Intely Acquires SOC 2 & HIPAA Compliance Certification

“Client and user trust is a must for intely. They should feel confident that their data is secure and safe. The Intely team has worked very hard to achieve full SOC 2 & HIPAA compliance, a critical building block to our growing [security & compliance strategy](#). We are thrilled to achieve this

milestone,” Daniel Pluard, President and CEO of intely, said about the [compliance certification](#).

“

feel confident knowing that when you use any of our services or apps, they will be secure at all times — and now, thanks to this certification, that confidence is supported by more than just words!”

Daniel Pluard, CEO intely

Industry Standard Accreditation

The goal of SOC 2 and HIPAA Audit is to perform the “due diligence” on behalf of the company’s investors or potential investors. It tells whether or not an organization’s information security controls meet the established criteria.

After the considerable effort of the whole team and with the help of Secureframe, intely has met the standards for

an Auditor’s Report, demonstrating that its policies, procedures, and infrastructure meet or exceed the criteria associated with SOC 2 and HIPAA.

Despite the tedious and time-consuming process of SOC 2 and HIPAA attestation, Prescient Assurance offered a fast, efficient, and professional audit service for Intely.

Prescient Assurance is a leader in security and compliance attestation for B2B, and SAAS companies worldwide. Prescient Assurance is a registered public accounting in the US and Canada. It provides risk management and assurance services which include but is not limited to SOC 2, PCI, ISO, NIST, GDPR, CCPA, HIPAA, and CSA STAR.
