"My experience as a self-employed tradesman will help me do an excellent job and provide excellent customer service," said Amyot.

While work-life balance was an immediate draw to owning a PatchMaster franchise, Amyot and Barrast noted PatchMaster's values, training, and support team as significant contributors to moving forward with a PatchMaster franchise. In addition, owning a PatchMaster franchise assisted Amyot and Barrast in meeting the criteria for obtaining an E-2 visa for their family, giving them the ability to work together in the United States.

"PatchMaster is an ideal opportunity for those looking to find great work-life balance in their career. We are happy to have Pierre and Isabelle as part of the PatchMaster franchise, and I look forward to seeing their growth as they mature in the market," said Paul Ferrara, CEO of PatchMaster.

[PatchMaster Serving Edgewater](#) will service the communities of Cassadaga, Daytona Beach, Deltona, Edgewater, Lake Helen, Mims, New Smyrna Beach, Oak Hill, Orlando, Port Orange, Titusville, and others in Volusia and Brevard counties. In their free time, Amyot & Barrast enjoy getting to know their community in Florida and going to the beach.

The initial franchise fee for a PatchMaster franchise territory, which comprises a population between 300,000 to 350,000, is \$49,500 USD. Ongoing expenses include a technology fee and a downward sliding scale for royalties starting at nine percent. In addition, franchisees attend a week-long training program at the company's headquarters in Chester, New Jersey.

PatchMaster is an in-demand franchise with a quick ramp-up period. No drywall experience is required for owners – PatchMaster provides all the training, tools and resources to learn the model and run the business.
