[LLC Meaning](#)

An LLC, or limited liability company, is a type of business entity that a company can form by filing paperwork with the state. An LLC can have one owner (known as a "member") or many owners.

The words "limited liability" refer to the fact that LLC members cannot be held personally responsible for business debts. In a dispute with a business creditor, members may lose the money invested in the company but their personal assets aren't at risk.
