LEMO® Launches New M series HY Model, Vacuum-Tight Connector
Aerospace, Automotive, Defense,
Tactical Communication, and UAV
Applications

LEMO® SA-Switzerland, May 2022 —
Extending the capabilities of its field-
proven M series, LEMO® is pleased to
introduce the new cutting-edge M
series HY, a new model specifically
designed for all applications requiring
vacuum-tight connections in harsh
environments. Its ultra-low leak rate
coupled with a wide operating
temperature range allows for
unmatched performance in optical
enclosures or high-altitude
applications.

This new addition to the M series
lineup provides customers with the highest density ratchet coupling connectors on the market

New Lemo M series HY Model, your Vacuum Tight Connector for Harsh Environments

Lemo won 2021 Technology & Engineering Emmy Award for Hybrid and Fiber Optic Camera Cable and Connectors

where vacuum-tight integrations are required. The new LEMO M series Vacuum-Tight Connectors offer the most reliable, safe, rugged, and lightweight interconnect solutions for aerospace, automotive, defense, tactical communication, and UAV applications.

[LEMO M series Vacuum-Tight Connector](#) Key Features:

- Ultra-low leak rates
- Optimized PCB tails enabling easier PCB routings on high-density configurations
- Lightweight materials
- Vacuum-tight sealing over an extended temperature range -55° to +150° C
- High vibration resistance
- Reliable and Safe

About Us

LEMO is the acknowledged leader in the design and manufacture of precision custom connection and cable solutions. LEMO's outstanding quality Push-Pull connectors are used in a variety of challenging application environments including medical, industrial control, test and measurement, audio-video, and telecommunications.

LEMO has been designing precision connectors for over seven decades. Offering more than 90,000 combinations of products that continue to grow through customer-specific designs, LEMO and its affiliated sister companies REDEL, NORTHWIRE, and COELVER currently serve more than 100,000 customers in over 80 countries around the world.
