

Acrylic Polymer Market Growth, Business Opportunities, Competitive Landscape and Industry Analysis Report by 2030

Market Trends – Increasing demand for sustainable acrylic polymer formulations and products

VANCOUVER, BC, CANADA, June 2, 2022
/EINPresswire.com/ --

The global [acrylic polymer market](#) size reached USD 591.1 Million in 2021 and is expected to register a revenue CAGR of 6.1% during the forecast period, according to latest analysis by Emergen Research.

Increasing usage of high-performance industrial cleaning needs and rapid advancements in industrial technologies, as well as rising demand for sustainable fashion products are driving market revenue growth. Technological advancements and use of more innovative approaches and techniques for development of more effective products with a sustainability objective are other key factors expected to support

“

Market Size – USD 591.1 Million in 2021, Market Growth – at a CAGR of 6.1%,
Market Trends – Increasing demand for sustainable acrylic polymer formulations and products

”

Emergen Research

revenue growth of the market. For instance, on May 4, 2022, Thai Acrylic Fiber Co. Ltd. (TAF), which is a subsidiary of the Aditya Birla Group, launched Regal, which is a recycled acrylic fiber made from acrylic waste that has already received Global Recycled Standards (GRS) certification.

Increasing demand for flexographic printing is another key factor driving market revenue growth. Flexographic printing, also known as flexo printing, is a popular method for producing large quantities of custom labels for use in food and beverage packaging, business forms, newspapers, wallpaper, gift wrapping paper, and many

others. Water-based acrylic polymers are widely used in the production of flexographic inks.

The study further explores and provides an in-depth analysis of current Acrylic Polymer market dynamics and recent trends, focusing on various key factors and potential growth opportunities and risks. The report focuses on leading regions and their major countries to anticipate market growth in the forecast years.

Some major companies in the global market report include Dow, BASF SE, Toagosei Co., Ltd., Sumitomo Seika Chemicals Co., Ltd., Arkema, Nippon Shokubai Co., Ltd., Ashland, Lubrizol Corporation, Chemipol, MCTRON Inc., Nouryon, and Gellner Industrial LLC.

Highlights from the Report

Polymethyl Methacrylate segment accounted for largest revenue share in 2021. Increasing demand is primarily due to various material properties of polymethyl methacrylate; for instance, the material is hard and has excellent thermal and heat resistance. Majority of commercially available polymethyl methacrylate acrylic polymer has excellent Ultraviolet (UV) stability.

Paintings & coatings segment accounted for largest revenue share in 2021. Increasing demand for acrylic polymer emulsions is a key factor driving market revenue growth. Acrylic polymer emulsions are water-based polymers that can be produced from methyl methacrylate, and butyl acrylate, among others.

Market in North America accounted for moderate revenue share in 2021. Increasing production of plastic materials, as well as rapid product innovations, are driving market revenue growth in this region.

The report studies the historical data of the Acrylic Polymer Market and offers valuable information about the key segments and sub-segments, revenue generation, demand and supply scenario, trends, and other vital aspects.

Emergen Research has segmented global acrylic polymer market on the basis of type, application, and region:

Type Outlook (Revenue, USD Million; 2019-2030)

Polymethyl Methacrylate

Sodium Polyacrylate

Polyvinyl Acetate

Polyacrylamide

Others

Application Outlook (Revenue, USD Million; 2019-2030)

Dentistry

Cosmetics

Paints & Coatings

Cleaning

Others

Geographical Segmentation:

The latest research report entails an in-depth analysis of the current growth opportunities for various regions of the Energy as a Service Market, gauging their revenue share over the forecast timeline. Furthermore, the report analyses the year-on-year growth rate of these regions over the forecast duration. The leading market regions profiled in the report are North America, Europe, Asia Pacific, Latin America, and Middle East & Africa.

The report offers a comprehensive understanding of the impact of the COVID-19 pandemic on the overall Acrylic Polymer market growth and expansion. COVID-19 has affected the global economy by interfering with production and demand, causing market disruption, and inducing financial instability.

Key point of the Acrylic Polymer Market:

The report offers a comprehensive overview of the Acrylic Polymer market size, share, and growth rate in the forecast duration.

It provides details about current scenario, historical data, giving an accurate Acrylic Polymer market forecast for the coming years.

The study categorizes the market on the basis of product types, applications, end users, market value and volume, business verticals, and 5 major regions.

It also offers regional analysis and forecast of the Acrylic Polymer market for prominent geographies in the sector viz., North America, Europe, Asia Pacific, Latin America, and the Middle East and Africa.

Thank you for reading our report. Customization of the report is available. To know more, please connect with us, and our team will ensure the report is customized as per your requirements.
