

# Freelance Digital Marketers Offers Free Website Audit to Improve SEO & Conversions

*Group of Freelancers at Freelance Digital Marketers introduced Free Website Audit to ensure the business website is inclined to the most excellent SEO results.*

INDORE, MADHYA PRADESH, INDIA, June 6, 2022 /EINPresswire.com/ -- [Website audits](#) evaluate the website completely for both its content and its technical performance. It enables to check the performance, highlights technical and SEO issues, gauges the overall health of the website, and evaluates the user experience.

[Freelance Digital Marketers](#), a group of 6 professionals with huge years of experience in the industry, believes that “an in-depth analysis of the website helps to gain insight into performance as per user’s and search engine’s perspective.” It is a free, yet detailed audit for all businesses, despite their niche or size, to enhance business sales and website performance.

Website Audit Includes:

- On-Page SEO review
- Off-Page SEO analysis
- Finding technical errors
- Analyzing design and UX
- Assessing website content
- Analyzing website traffic
- Site health audit
- Site security audit
- Conversion rate optimization audit
- Penalty and recovery audit
- Competitor site audit
- Social media presence audit
- Paid traffic audit

If website owners are not keeping up to date with Google’s algorithm changes (as it constantly updates its criteria and algorithms), they are gambling on losing the progress of the website. A

comprehensive website audit allows professionals to get an insider look at where the website stands based on the latest SEO standard. It keeps heads-up on core web vitals, bounce rate, and other Google essentials and calculates how a website performs in such categories. An in-depth audit report helps to understand which areas to amend for a competitive edge.
