

Fran Briggs Releases Best of Summer Reading, Volume 2

List includes authors from Los Angeles to the UK

LOS ANGELES, CA, USA, June 6, 2022 /EINPresswire.com/ -- School is winding down and summer reading is what's up. On the heels of Best of Summer Reading 2022, Volume 1 is Best of Summer Reading 2022, Volume 2. Both lists feature a select few of distinguished authors and were compiled by American Journalist, Fran Briggs.

This annual list is not a collection of the 'greatest hits,' but rather a segment of the best of summer reading, 2022. The literary genres include non-fiction, mystery, romance, spiritual, contemporary urban, comedy and sci-fi.

"There's something for everyone here," says Briggs. "These stories were meticulously written and cleverly plotted. As it is for all brilliant writers, the authors incite all senses and stir souls with exceptional and emotionally engaging content."

The Best of Summer Reading is organized by title, publisher, the author's name, a short synopsis of each book, and a link for additional information and purchase.
