

Top DevOps Companies in World | (IBM, Microsoft, Google, Amazon, Oracle , CA Technologies)

SHERIDAN, WY, UNITED STATES, June 6, 2022 /EINPresswire.com/ -- DevOps is a set of practices that brings together software development and IT operations. Its goal is to provide high-quality software delivery continually. A DevOps approach is one of the numerous techniques that promote better communication and collaboration between teams in an organization. It is widely employed across the IT and telecom, retail, manufacturing, healthcare, and government sectors.

Devops Companies

The global [DevOps market](#) reached a value of US\$ 7 Billion in 2021. Looking forward, IMARC Group expects the market to reach US\$ 26 Billion by 2027, exhibiting a CAGR of 24.6% during 2022-2027.
