Welcome the newest 'baby' to the Sonäge Skincare family with launch of Baby Friez Mini Icy Globes, a petite version of the award winning Friez Icy Globes tool.

SANTA MONICA, CALIFORNIA, UNITED STATES, June 8, 2022

/EINPresswire.com/ -- Welcome the newest 'baby' to the Sonäge Skincare family with the launch of Baby Friez Mini Icy Globes, a petite version of the award-winning Friez Icy Globes tool. The tool is designed to "Friez" (freeze) the face to reduce the appearance of wrinkles, irregular pigmentation, and blemishes through proven-effective skin icing and lymphatic techniques.

A 5-in-1 cryo facial massage tool, these [facial globes](#) work to instantly stimulate blood circulation, help depuff the face and eye area, reduce breakouts, shrink pores, and minimize the appearance of fine lines and wrinkles. The 100% glass tool is dramatically reduced in size to expertly reach all contours of the face – plus, it's travel friendly and can easily be packed to go anywhere for a mini skin treat with maximum skin benefits!

Pro Usage Tips:

1. Chill Baby Friez Mini [Ice Globes](#) in the refrigerator for 15 minutes for more intense treatment benefits.
2. Post cleansing, apply a favorite serum, oil, or moisturizer to the skin to avoid unnecessary tugging.
3. Gently glide the globes over the face in a clockwise, outward motion. Repeat around the eye area and anywhere skin is experiencing redness or breakouts. Repeat each movement 5-6 times to boost the self-care routine and intensify topical treatments.

- Tones and lifts for an immediate glow
- Stress-busting and calming technique for skin (and self!)
