Readers' Favorite Gives [Converted](#) A Glowing 5-Star Book Review
Lauds Author Nathalie Noisette As "Passionate Financial Services Advocate For Minorities"

Readers' Favorite, one of the largest and most trusted book reviewers gives a glowing 5-star review for "Converted: Uncover The Hidden Strategies You Need To Easily Achieve Massive Credit Score Success" by author, personal finance expert, and serial entrepreneur, Nathalie Noisette. Readers Choice Senior Book Critic Asher Syed lauds Nathalie as a "Passionate Financial Services Advocate For Minorities".

A renowned personal finance expert, international keynote speaker, serial entrepreneur, and acclaimed author of five children's financial literacy workbooks, Nathalie packages financial education and empowerment in a step-by-step credit success playbook. This book is more than a self-help guide or playbook – it's the ultimate treasure map for anyone looking to improve their score, and unlock financial literacy, empowerment, and success – dubbed "the money manifesto".

QUOTES FROM BOOK CRITIC

Converted is an incredibly well-presented book that could not possibly be more timely. [Noisette] does more than rattle off facts-which is all I've ever really seen in credit repair material – and instead gives the actual framework to raise that score. I had absolutely no idea what a data suppression request was or that there were not just three bureaus that control the entirety of our information, but over forty. Forty! - Asher Syed, Book Critic for Readers Choice

On a personal note, I saw that Noisette is a passionate advocate for financial services for minorities. As a person of color myself with a teenage daughter who is also, being able to set the foundation with a book written by someone she will be able to actually identify with is wonderful. Regardless, the information is all there. Noisette has done the heavy lifting, now it's your turn to do the rest. Very highly recommended! -Asher Syed, Book Critic for Readers' Favorite
