According to 'Automotive Halogen
Bulbs Global Market Report 2022 –
Market Size, Trends, And Global

Forecast 2022-2026' published by The Business Research Company, the automotive halogen bulbs market size is expected to grow from \$8.92 billion in 2021 to \$10.00 billion in 2022 at a compound annual growth rate (CAGR) of 12.1%. The growth in the market is mainly due to the companies rearranging their operations and recovering from the COVID-19 impact, which had earlier led to restrictive containment measures involving social distancing, remote working, and the closure of commercial activities that resulted in operational challenges. As per TBRC's automotive halogen bulbs market research the market is expected to reach \$15.36 billion in 2026 at a CAGR of 11.3%. Lower cost benefits of halogen in headlights over other headlight types are expected to increase the [automotive halogen bulbs market growth](#).
