

Veripath Farmland Partners (“Veripath”) is Pleased to Announce Kerri Furlong has Joined as Partner

CALGARY, ALBERTA, CANADA, June 8, 2022 /EINPresswire.com/ -- Veripath is pleased to announce that Kerri Furlong has agreed to join the team. Kerri will be providing invaluable capital markets and finance insight as Veripath implements its strategy to grow to 300,000 acres in the next 36 months.

Veripath has one of the most experienced farmland investment management teams in Canada. Its principals have been deploying capital in the Canadian farmland space for 15 years with a consistent track record of generating returns.

Kerri spent 8 years at BDO Canada where her focus was both public and private entities across various industries including manufacturing, fabrication, distribution, energy, communications and technology. In 2015, she moved to an SME buyout fund with over \$350M in AUM where she remains a partner. Kerri holds a Chartered Professional Accountant designation (Chartered Accountant 2010) and holds a Bachelor of Business Administration (Honours) and a Bachelor of Science from Memorial University of Newfoundland.

Who is Veripath: Veripath is a Canadian alternative investment firm focusing on farmland. Veripath believes that there are a number of factors that are supportive of the Canadian farmland investment premise, a few of which are highlighted below.

- Value: Canada has some of the most competitively priced farmland in the developed world – particularly on a productivity adjusted pricing basis.
- Diversification: Farmland exhibits low correlation to traditional stock/bond investments so can improve portfolio risk diversification.
- ESG: Western Canadian zero-till portfolios capture material amounts of carbon.

- Inflation Hedging: Farmland has historically had strong inflation/stagflation hedging capabilities and outperformed in real terms during periods of low real rates/high inflation.
- Demand: Farmland is a non-volatile way to capture the anticipated incremental demand coming from population growth and growing demands for food, feed, fuel and water globally.
- Veripath divides the Canadian market into two separate geographies of ~84M acres each in order to streamline and simplify farmland ownership regulatory compliance. Veripath Farmland (UR) LP invests in all of Canada (excluding SK and MB) and Veripath Farmland LP invests just in SK and MB. The two sister Funds have the same terms and fee structures.
