NEW DELHI, DELHI, INDIA, June 9, 2022

/EINPresswire.com/ -- Smart Business Broker Inc. recently helped an Indian investor get an immigrant visa under the EB-1c visa category for an [investment](#) of only \$320,000, which is only 40% of the cost of an [EB5](#) visa! The investor got their unconditional (Permanent) green card in less than 17 months from the date of filing their I-140 petition! This is less than HALF the time it takes to get a temporary green card with an investment of USD 800,000 under the EB-5 visa category!

Smart Business Broker can help Investors get Permanent Residence in the US under the EB-1 category, with an investment of only \$320,000 while EB-5 visa investors have to invest a minimum of \$800,000.

EB5 visa investors are ineligible for residence visas, and need to wait 4 or more years to migrate to the US.

EB1 category investors can get permanent green cards in about 18 months, while EB-5 visa investors need to wait for over 4 YEARS to get a temporary green card, and at least 8 years to get an unconditional green card.

EB-1 investors can get their investment amount back (through a share buyback) after 3 years, while EB-5 visa investors need to wait for 6 or more years to get their investment amount back.

Smart Business Broker is an American based and owned Investment Based [Immigration](#) advisory firm that's helped Immigrants migrate to the US under the Investment Based Immigration

category since 2002.
