

# Strategies For Global Electric Generators Market Players In 2022-2031 Market Forecast Period

*The Business Research Company's Electric Generators Global Market Report 2022 – Market Size, Trends, And Global Forecast 2022-2026*

LONDON, GREATER LONDON, UK, June 9, 2022 /EINPresswire.com/ --

According to 'Electric Generators Global Market Report 2022 – Market Size, Trends, And Global Forecast 2022-

2026' published by The Business Research Company, the electric generators market is expected to reach \$27.41 billion in 2026 at a CAGR of 0.5%. Increasing demand from several industries such as mining, oil and gas, and pharmaceuticals is expected to contribute to the electric generators market growth in the forecast period.

The electric generators market consists of revenues generated by entities (organizations, sole traders, or partnerships) that carry out design, manufacturing, and sales of electric generators. The market also consists of sales of generators which are machines that convert mechanical energy into electrical energy for applications in external circuits. A generator uses mechanical energy such as steam, gas, water to convert it into electrical energy for uninterrupted power supply.

## [Global Electric Generators Market Trends](#)

Generator manufacturing companies are increasingly manufacturing portable generators. A Portable generator provides electricity by running a gas-powered/diesel-powered engine that turns an on-board alternator to generate electrical power. Rising demand for uninterrupted and reliable power supply is increasing the demand for portable generators. Portable generators offer several advantages such as flexibility, and increased ease of use. The global portable generators market is expected to reach \$2.5 billion by 2024 growing at a CAGR of 4.1% through 2019.

## [Global Electric Generators Market Segments](#)

The global electric generators market is segmented:

By Type: Gas Generator, Diesel Generator, CKD Generator

By Capacity: Below 75 kva, 75-375 kva, 375-750 kva, Above 750 kva

By Application: Stand By, Peak Shaving, Continuous

By End-User: Mining, Oil and Gas, Construction, Residential, Marine, Manufacturing, Pharmaceuticals, Commercial, Others

By Geography: The global electric generators market report is segmented into North America, South America, Asia-Pacific, Eastern Europe, Western Europe, Middle East and Africa. Among these regions, Asia Pacific accounts for the largest share.

Electric Generators Global Market Report 2022 is one of a series of new reports from The Business Research Company that provides electric generators market overviews, analyzes and forecasts market size and growth for the global electric generators market, electric generators global market share, electric generators market segments and geographies, electric generators market players, electric generators global market leading competitor revenues, profiles and market shares. The electric generators market report identifies top countries and segments for opportunities and strategies based on market trends and key competitors' approaches.

TBRC's Electric Generators Global Market Report 2022 includes information on the following:

Data Segmentations: Market Size, Global, By Region and Country, Historic and Forecast, and Growth Rates for 60 Geographies

Key Market Players: Aggreko, Atlas Copco, Caterpillar Inc., FG Wilson, Kirloskar Electric Co. Ltd., Cummins Inc., Rolls-Royce, Wärtsilä, Yanmar Co. Ltd., and Briggs & Stratton.

Regions: Asia-Pacific, China, Western Europe, Eastern Europe, North America, USA, South America, Middle East and Africa.

Countries: Australia, Brazil, China, France, Germany, India, Indonesia, Japan, Russia, South Korea, UK, USA.

And so much more.
