

ITFirms Reveals the List of Top Android and iPhone App Development Companies in 2022

ITFirms curated the list of the android and iPhone companies based on several factors like experience, happy clients, hourly rate, team strength, and so on.

UNITED STATES, June 10, 2022

[/EINPresswire.com/](https://EINPresswire.com/) -- In the current scenario, both Android and iOS devices are expanding everywhere. Therefore, both small and large businesses are interested in developing apps for Android and iOS. As a general rule, when demand is high, there will be a lot of mobile app development companies that will satisfy the business need of launching apps for Android and iOS platforms.

The app development industry is really big and jam-packed with an overwhelming number of app developers which is making it hard for businesses to choose an ideal partner for their development needs. Making the wrong choice of partners can lead to distasteful results.

To save your valuable time, & efforts and prevent your business from receiving disaster results, ITFirms, a globally recognized platform for rating and reviews of IT companies presented a list of top Android and [iPhone app development companies](#).

Below are companies that are recognized worldwide and have a history of developing feature-rich applications for commercial companies and startups in a variety of industry verticals.

These companies have expertise in all areas of app development. For instance, if you want to opt for Native app development for Android or iOS platforms then they can do so professionally using the latest technologies to lead your project to success. They can also help you with your cross-platform app development by using frameworks like Flutter, React Native, Ionic, or any other framework of your choice.

So, without further ado, let us introduce the [best mobile app development companies](#) that deal in both iOS and [android app development](#).

- Konstant Infosolutions
- Intellectsoft
- TechAhead
- WillowTree
- Eueled
- Media Labs
- Softeq
- Buzz
- Eleks
- MLSDev

ITFirms is a review and research platform for IT Companies. It browses the thousands of companies and picks the best one among them filtered by the location. If you are also running an IT company and want to get listed on the ITFirms.
