The contest which will run through until June 14th will afford contestants enough time to trade as much as possible to stand a chance to be among the top 100 winners who will get their prize from the pool of 20 million MBD.

The rules of the contest are simple and it involves not having a cumulative net buying volume of less than 100,000MBD and participating in over 3 transactions. The top 100 users of MBD by net purchases will be rewarded with a share of 18,800,000 MBD according to the proportion of net purchases.
