

South Jersey Appliance Expert: Ooni Pizza Ovens Will Transform Backyard Parties This Summer

PLEASANTVILLE, NEW JERSEY, UNITED STATES, June 9, 2022

[/EINPresswire.com/](https://www.einpresswire.com/) -- Ooni has been making sleek, portable outdoor pizza ovens for 10 years, but only recently has the Scottish company been able to make their amazing Ooni Pizza Ovens available to the masses in the United States, and a southern New Jersey appliance expert says they will transform outdoor cooking and entertainment this summer.

Ooni Pizza ovens make perfect pizza in 60 seconds and will be a game changer for your summer parties.

Scot Sacks, Vice President of leading southern New Jersey appliance retailer Art Handler's Appliance Center, says Ooni's super compact, gas-powered outdoor pizza ovens have been designed for ultimate speed and ease of use, and are set to transform the way people cook pizza at home. Ooni Pizza Oven models come in two sizes – for 12" and 16" pies – and in charcoal/wood-fired or gas-powered (or multi-fuel).

“

Hot and fast is how you cook truly great pizza, and all of Ooni's models get to 950°F in no time and cook incredible pizza in only 60 seconds. This is the hot item for the summer of 2022.”

“Hot and fast is how you cook truly great pizza, and all of Ooni's models get to 950°F in no time and cook incredible pizza in only 60 seconds,” says Sacks. “Before Ooni, if you wanted pizza that good you had to go to a restaurant or spend thousands on a traditional pizza oven. Now you can serve gourmet-quality pizza to your guests as an alternative or supplement to grilled outdoor party staples like burgers and dogs. This is the hot item for the summer of 2022.”
