The institutional and office furniture market consists of sales of institutional and office furniture by entities (organizations, sole traders and partnerships) that produce institutional and office furniture by designing office furniture including office chairs and desks, office and store fixtures, such as showcases.

Global [Institutional And Office Furniture Market Trends](#)

Furniture manufacturers are adopting sustainable practices in their manufacturing process. This is mainly a result of growing consumer awareness on sustainable living that is resulting in increasing demand for eco-friendly furniture. This includes minimizing fuel consumption and recycling wood by products. Companies manufacturing eco-friendly furniture products procure

wood from plantations that grow sustainable plants and have a long-term conservation policy.
