

Gyrus and Warp VR Announce Global Partnership on VR Storytelling for Enterprise Learning and Upskilling

AI-powered LMS provider Gyrus and immersive learning provider Warp VR announce a strategic partnership to offer the most robust VR experience in the industry.

RICHMOND, VIRGINIA, USA, June 13, 2022 /EINPresswire.com/ -- AI-powered Learning Management Systems ([LMS](#)) provider Gyrus Systems and immersive learning provider Warp VR announce a strategic partnership to offer the most robust VR experience in the industry.

Warp VR and Gyrus joined forces to provide training professionals worldwide with the skills, knowledge, and infrastructure needed to develop and distribute effective story-based VR training solutions in a seamless learning environment — helping organizations drive a culture committed to learning and talent development.

Scenario-based VR learning solutions turn passive learning into active experiences that meet the expectations of today's learners."

Viren Kapadia, President and CEO of Gyrus Systems

"We're excited to enter into this partnership with Warp VR. Their unique approach to virtual storytelling and the creation of scenario-based VR learning solutions turn passive learning into active experiences that meet the expectations of today's learners." says Viren Kapadia, President and CEO of Gyrus Systems.

"VR training helps to create motivated, confident employees that have the right skills, knowledge and experience the moment they need it. We look forward to working with Gyrus to help more companies improve their

blended learning approach.” says Thijs de Vries, Co-Founder and CEO of Warp VR.

About Warp VR

Warp VR is an immersive learning tech and services provider enabling story-based real-life situational training courses. With a global network of experts and a growing library of off-the-shelf content, Warp is on a mission to enable immersive learning at scale. The company is headquartered in Rotterdam, the Netherlands.

About Gyrus Systems
