Sai Rivero

MGM Behavioral was established in 2011 to provide evidence-based, research-driven behavioral therapy and psychological care to children, youth, adults, and their families. Our goal is to impact each family to produce a significant and lasting change to better their lives. They've got several programs that are designed to ensure that individuals or a group with mental illness can live independent, fulfilling lives such as; applied behavior analysis, therapy and counseling, social skills groups and lots more.

MGM Behavioral has been under the leadership of its executive director Doctor Sai Rivero. Sai Rivero is a clinical psychologist, board-certified behavior analyst (BCBA), and pediatric behavior

consultant. She has many years of experience working with children who struggle with mental health issues and maladaptive behaviors as well as working with parents in providing personalized expertise, tools, ideas and solutions using the principles of Applied Behavior Analysis.

She specializes in assessing behaviors and developing behavior intervention plans for children who demonstrate challenging behaviors, and giving parents the tools, and support to increase structure at home. Ms. Rivero holds a PhD in Psychology and a dual master's degree in Psychology and Industrial & Organizational Psychology. She received her BCBA training from Florida Institute of Technology.
