Mr. Pineapple's theory shares those pineapples can be in many shapes and forms, such as, a pineapple can be person or a galaxy. A hindsight the pineapple can be us, humans, that can adapt in many different situations. It shares a philosophy that will improve positive interactions socially and in the workplace.

“

When you're inspired, you become inspiring.”

Steve “Mr. Pineapple” Mathieu

The Pineapple Theory follows the order of the stem being the highest emotion and the bottom of the pineapple being the lowest form of emotion which also connects to the spiritual practices of David R Hawkins. The bases of all emotions need to be let go and with that in mind, we all start from an innocent “baby pineapple” that we are already sweet. Then we continuously grow to become mature and sometimes, we get molded by life’s challenges.

Mr. Pineapple has put four books to maintain this sweetness in ones’ character and daily, he posts something new, authentic, and fresh on social media and his blog.

Following your reading, you will never see a pineapple the same way again!
