

Blockbuster Launch for Naomi Wolf's Book "The Bodies of Others"

Despite Amazon limiting orders to 4 per customer, it was #4 on the Amazon Most Sold chart and #8 on the WSJ's list of bestselling nonfiction books.

FORT LAUDERDALE, FL, UNITED STATES, June 13, 2022 /EINPresswire.com/ -- •

Reached #1 on Barnes and Noble's Top 100 bestselling books list

•#4 on [Amazon's](#) June 5th Most Sold list

•#8 on the Wall Street Journal's June 4th list of bestselling hardcover nonfiction books

•#11 on Bookscan's June 4th list of bestselling nonfiction books

In her bestselling book, "The Bodies of Others: The New Authoritarians, COVID-19 and The War Against the Human," Dr. Naomi Wolf showed how our oligarchical elites were behind the COVID-19 response that did such profound damage to America and to humanity.

After surging to #1 on Barnes and Noble's list of 100 bestselling books and to #4 on Amazon's chart of Most Sold books, it was not listed on the New York Times' all-important best sellers list.

According to Bookscan data, "The Bodies of Others" should have been #6 on the New York

Times' June 19th update of the top fifteen bestselling Combined Print & E-Book Nonfiction books; in fact, it sold 42% more copies than the book the Times listed as the #6 book on the list, 55% more than the #7 book on the list and 68% more than the #9 book on the list. Yet the Times failed to include "The Bodies of Others" on its list at all.

After Dr. Wolf reestablished her Twitter account on May 31st and gaining over 50,000 followers within three days, her account was suspended, without reason, on June 2nd.

At the same time, Amazon has restricted sales to four per customer and is restricting certain addresses from eligibility from receiving the book. These are addresses that have received book shipments from Amazon previously without issue.

We contacted Amazon and this was their response:

"In regard to ASIN 1737478560, title "The Bodies of Others: The New Authoritarians, Covid-19 and the War Against the Human" on sale at Amazon.com, there is a quantity limit of 4 units per customer placed on the item.

Item quantity limits are maintained and managed at Amazon's discretion. We consider many factors, including current and anticipated customer demand.

We evaluate quantity limits periodically and usually set them to serve larger numbers of customers. We want to ensure that many customers are able to order your products, and our limits may change from time to time."

You therefore know this a book that should be read!

This is all the more reason to make "The Bodies of Others" a bestseller. You can order up to four copies on Amazon or buy it through Barnes and Noble or directly through us, the publisher at The Bodies of Others — [All Seasons Press](#).
