

The Music Video for “Centerfold” is OUT NOW! – Jordan never Misses...

An up-and-coming Artist from Atlanta is making waves with his new music video

MIAMI, FLORIDA, UNITED STATES, June 13, 2022 /EINPresswire.com/ -- Jordan Bolch is back with another ecstatic Music Video! The song “Centerfold” from his sophomore album “World Tour” gained popularity among local as well as international fans. The Music video definitely lived up to its height! Shot by Media Monsters, the video captures an extravagant and luxurious vibe.

Creative photography and aesthetic cinematography complemented each aspect of the song. Jordan rebranded the classic money, cars, and girls’ theme into a 2022 version, which presented a fresh look.

The instrumental’s future-pop and hip-hop elements paired with the chill and confident delivery of Jordan Bolch already made the song a hit! With an aesthetic video, people are now paying even more attention to this priceless gem. The video perfectly matched the music; the balance between the two is quite impressive.

Riding through the city and living his life to the fullest, Jordan is proud to showcase his success and isn’t shy to flex luxury cars and beautiful girls because he worked hard for everything he earned.

The video reminded viewers of the famous Jay-Z lyrics “Arm out the window, through the city, I maneuver slowly” from the song “Otis.” Jordan is a student of the game, and the way he presents his art, you can tell that he has learned and practiced every minute detail of the writing, production, recording, mixing, and mastering process. A bad mix can ruin a good song, and an ideal mix can take it up a notch.
