

PROTEK REPEATS AS “TOP TEN” DIGITAL FORENSICS FIRM

Enterprise Security Magazine Cites Protek's Sophisticated, Client-Focused Innovations in Announcing Award

WILLOWBROOK, IL, UNITED STATES, June 14, 2022 /EINPresswire.com/ -- [Protek International](https://www.protekintl.com/), a nationally recognized leader in digital forensics, cyber security, and e-discovery services has once again been named a “Top 10 Digital Forensics Service Company” by [Enterprise Security Magazine \(ESM\)](https://www.enterprise-security.com/). The magazine recently released its 2022 honorees which were selected from among Protek's digital forensics peers by a panel of “renowned CEOs, CIOs, VPs, with the Enterprise editorial panel,” according to the publication.

ESM's profile of Protek for the award singled out two 2022 customer service-focused initiatives that exemplify what keeps Protek among the best of the best: Protek's innovative [QuickTake flat rate](#) and expedited digital forensics offering and its “RAR” (Rapid Assessment Report) sophisticated, and simple, forensics analysis report and which demonstrate the great things that happen when you apply Protek's “Honest. Simple. Smart.” corporate touchstones to its unwavering focus on client success.

“Our goal [with these initiatives] was, in addition to nailing down the advanced RAR reporting, hitting the two facets of engaging forensics experts that would make the greatest positive impact for our clients- cost predictability and control and quick turn-around,” Protek President and CEO Keith Chval is quoted as saying in the profile.

Pointing to the “magic” that's happening at Protek, ESM glowingly noted that “...we suspect we'll

The Protek Quicktake Team

PROTEK
SECURING YOUR EDGE

QUICKTAKE™ Flat Rate, Expert Digital Forensic Analysis

Protek QuickTake™ equips clients to quickly assess risk and the availability of cyber evidence through an expert, first-level cyber forensic examination of available electronic devices at a controlled, flat rate cost while also *forensically preserving* electronic evidence to guard against spoliation and preserve client options.

Assessment Data Points:

- Communications Activity
- Access and Activity Related to Critical and/or Proprietary Information
- Theft/Exfiltration Activity
- Web Browsing & Searches
- Data Destruction/Spoliation
- Expert's Insights

Deliverable: Protek Rapid Assessment Report™

A print ready, clear, concise, and sophisticated Protek proprietary report that presents data points of greatest case interest and pulls the most critical forward to the one page Executive Console which includes examiner assessments and hyperlinks to referenced report sections.

HONEST. SIMPLE. SMART.

QUICKtake Overview

be [conferring Top Ten status on Protek] for years to come.”

“We’re of course honored to be selected once again as a ‘Top Ten.’ I love to see the hard work and expertise of our team recognized by their peers, and the best of it for me is ESM’s singling out client-focus initiatives as the basis for their recognition. As I said there, ‘Our success in in direct correlation to that of our client,’ stated Chval.
