

# Lensmart Product Strategy Updated: Colored Contact Lenses

*Eyeglasses retailer Lensmart has updated its product strategy from eyeglasses/sunglasses only to contact lenses included.*

NEW YORK, UNITED STATES, August 15, 2022 /EINPresswire.com/ -- [Colored contact lenses](#) are some of the top trends in 2022, and there is no better time to join the trend than now. While clear contact lenses are easier choices for many people, colored contacts are becoming the trend now. The growth in the adoption of colored contact lenses is due to both the functional and aesthetic value.

Undoubtedly, there will be a big boost in demand for these eyewear options in 2022. If you are ready to latch on to the trend, the time is now. The choice of colored contact lenses is promoted by the ease of use and the natural feel it gives.

Instead of being encumbered by carrying a pair of glasses around, many people choose colored contact lenses for their seamless usage. All it takes is to fix the eyewear, and you are good to go. Some colors of contacts can even pass for your natural eye color, thanks to their natural aesthetic value.

Since July 2022, eyeglasses retailer [Lensmart](#) has updated its product strategy from eyeglasses/sunglasses only to contact lenses included. Lots of high-quality and stylish colored contact lenses has been on sale at competitive price. Colored contact lenses on Lensmart are known as lightweight, flexible, durable, and very comfortable to wear.
