

Wickedly Smart Women Podcast (Top 1% of ALL PODCASTS GLOBALLY) and Action Takers Publishing announce their collaboration

When Wickedly Smart Women get together, you never know what's going to happen. Trust that it will be wickedly good.

SAN DIEGO, CALIFORNIA, UNITED STATES, June 14, 2022 /EINPresswire.com/ -- The Wickedly Smart Women Podcast, a 5 time award-winning show, hosted by [Anjel B Hartwell](#), Founder & Lead Visionary of Creative Age Consulting Group, and [Lynda Sunshine West](#), Founder & CEO of [Action Takers Publishing](#), today announced that their upcoming book, Wickedly Smart Women: Trusting Intuition, Taking Action, Transforming Worlds, will be released in the fall of 2022.

The two companies will be working together on a collaborative book project that will feature more than 20 wickedly smart women who will share their personal stories of tapping into their intuition and taking action to transform worlds. The world is a crazy place right now. By bringing together these women to share their stories, we aim to raise the consciousness on the planet to create a more peaceful and prosperous environment.

In Naghilia Desravines's WomELLE blog titled, "How Women Can Work Together to Effectively be Heard," Anthropologist Marcela Lagarde describes sisterhood as "a friendship between women who became accomplices in order to work together."

When women come together to create a masterpiece, the positive shifts that happen are unstoppable and undeniable. We need more and more women joining forces to create conscious change for the greater good. The Wickedly Smart Women: Trusting Intuition, Taking Action, Transforming Worlds book aims to do just that.

Not only will the authors have their stories published, they will be making a greater impact on the lives of children who have been traumatized. We are looking for women who want to share

their stories of trusting their intuition, taking action and transforming worlds. If this is you and you'd like to be considered for inclusion in this book, email lynda@actiontakerspublishing.com.

“I believe that when visionary leaders - especially the Wickedly Smart Women who are deeply trusting their intuition - are given the support and platform they require in order to be heard, connect with the hearts of the people they are here to serve, and be well compensated for bringing forth their wisdom, the world will naturally be transformed in miraculous ways. That's one reason why I host Wickedly Smart Women Podcast - and why I'm so excited to collaborate on this book - to provide even more exposure and encouragement to my "sisters in Spirit" as they lead the way.”
