

# Adhesives Market Players Aim For High Performance Solutions With Automation

*The Business Research Company's Adhesives Market 2022 - Opportunities And Strategies – Global Forecast To 2030*

LONDON, GREATER LONDON, UK, June 14, 2022 /EINPresswire.com/ --

Adhesive companies are increasingly using automation and instrumentation solutions to control the production process more effectively. According to the [adhesives market overview](#), automation instruments include control valves, temperature

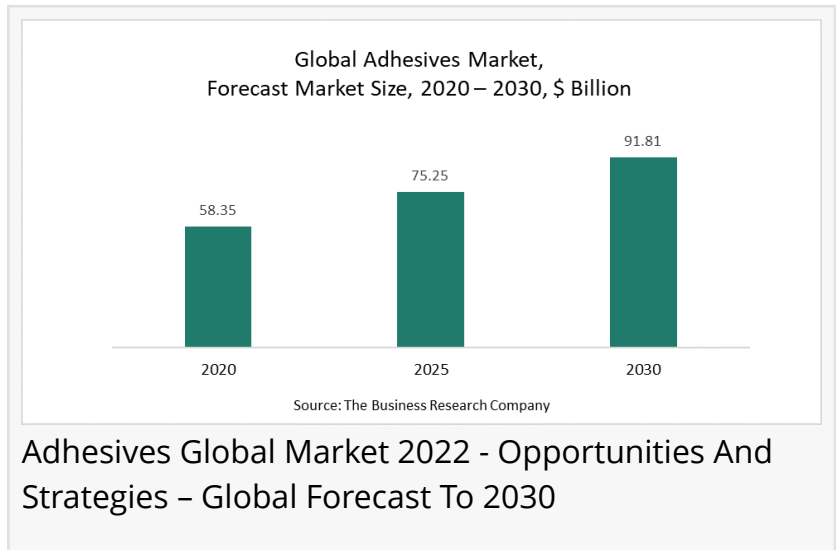

transmitters, level transmitters, flow transmitters and pressure transmitters that help improve operational efficiency in manufacturing facilities. For example, Siemens process instrumentation and gas analytics solutions increases productivity and efficiency during plant operations. Companies such as IBG use automated processes and high quality to achieve high efficiency and standardized work. IBG offers various automated systems used for bonding and sealing with different adhesives and sealants, as well as turnkey plants.

The [adhesive market size](#) is expected to grow from \$58.35 billion in 2020 to \$75.25 billion in 2025 at a CAGR of 5.2%. The growth is mainly due to the growing demand from end-user industries such as automobile and construction industry which is expected to drive the demand for adhesives. The adhesives market share is expected to grow from \$75.25 billion in 2025 to \$91.81 billion in 2030 at a CAGR of 5.2%.

According to the adhesives market growth analysis, the market is expected to be positively impacted by growing demand from the building and construction industry. Adhesives form an important construction raw material and is used in various applications in the industry from drywall lamination to flooring and roofing. Increasingly pre-fabricated houses are also using adhesives instead of nails which is also driving the demand for adhesives. Economic growth and

a rapidly growing urban population is expected to increase the demand for new residential and commercial buildings during the forecast period, thus increase the demand for adhesives.

Major players covered in the global adhesives industry are Henkel AG & Co. KGaA, Sika AG, H.B. Fuller Company, 3M Company, The Dow Chemical Company.

TBRC's adhesives market research report is segmented by type into water-based adhesives, solvent-based adhesives, hot-melt-based adhesives, reactive & other adhesives, by application into transportation, building and construction, product assembly, woodworking and joinery, footwear and leather, paper and packaging, consumer/DIY, others, by product type into acrylic, polyvinyl alcohol (PVA), polyurethanes, styrenic block, epoxy, ethylene-vinyl acetate (EVA), others.

Adhesives Market 2022 - By Type (Water-Based Adhesives, Solvent-Based Adhesives, Hot-Melt-Based Adhesives, Reactive & Other Adhesives), By Application (Transportation, Building And Construction, Product Assembly, Woodworking And Joinery, Footwear And Leather, Paper And Packaging, Consumer/DIY), By Product Type (Acrylic, Polyvinyl Alcohol (PVA), Polyurethanes, Styrenic Block, Epoxy, Ethylene-Vinyl Acetate (EVA)), And By Region, Opportunities And Strategies – Global Forecast To 2030 is one of a series of new reports from The Business Research Company that provides a adhesives market overview, forecast adhesives market size and growth for the whole market, adhesives market segments, geographies, adhesives market trends, adhesives market drivers, restraints, leading competitors' revenues, profiles, and market shares.
