

# IoT in Education Market Key Players, Growth, Analysis, 2021-2028 Development Status By Emergen Research

*Market Size – USD 6.81 Billion in 2020,  
Market Growth – at a CAGR of 18.0%,  
Market Trends – Increasing demand for  
smart classes*

VANCOUVER, BC, CANADA, June 14, 2022 /EINPresswire.com/ -- The global [IoT in education market](#) size is expected to reach USD 25.42 Billion in 2028 and register a steady CAGR over the forecast period, according to latest analysis by Emergen Research. Steady market revenue growth can be attributed to rising demand for

advanced eLearning among educational institutes, which enables students to work at their own pace through the curriculum. This enhances learning experience and the course-completion rate helps in better student assessment. Instructors can collect data on student performance with the help of cloud technology, and IoT in the education sector allows teachers to share and

collaborate information and feedback with each other. Increasing investment by educational institutes for obtaining efficient network for data transmissions, data storage, and data analysis to enhance the e-learning ecosystem is expected to boost growth of IoT in the education sector.

Rising demand for advanced eLearning in educational institutions is a key factor driving global IoT in education market revenue growth

Rising demand for smart classes which facilitate an

immersive learning experience and helps in enhancing the effectiveness of the process via a variety of engaging media is expected to drive growth of the IoT in education market. Increasing

initiatives by governments in various countries regarding the launch of smart classes is projected to contribute to further advancements in the education sector.

To learn about additional key drivers, trends, and challenges - Read our Sample Report right now! @ <https://www.emergenresearch.com/request-sample/690>

This study relies on the evolution of the industry to derive the trends that are observed. A significant increase in the global market is visible, which promises the expansion of the market in the coming years.

This report highlights the major contributing sectors in the industry and details the niche areas that exhibit potential to have an impact on the overall growth of the industry. The key players that account for a sizable portion of the market share have been profiled in this report. The research comprises of crucial information that has been drawn after analyzing the trends in the market. It includes market insights that aim to help the readers navigate their business ventures.

The major manufacturers covered in this report:

IBM, Cisco Systems, Inc., Intel Corporation, Google, Amazon Web Services (AWS), Oracle Corporation, Microsoft Corporation, Huawei Technologies Co., Ltd., Samsung, and SAP SE

Scope of the report:

The study aims to evaluate different segments, their individual development trends, and their contribution towards the growth of the overall industry. Furthermore, the research offers extensive data about the key factors such as the drivers, challenges, restraints and opportunities and their impact on the growth rate. Most importantly, the market intelligence report delivers competitive intelligence data from market evaluation and help companies plan their growth strategies from the consumption volume as well as forecast statistics.

Segments Covered in this report are:

Component Outlook (Revenue, USD Billion; 2018–2028)

Hardware

Service

Solution

Application Outlook (Revenue, USD Billion; 2018–2028)

Administration Management

Learning Management System

Classroom Management

Surveillance

Others

End-use Outlook (Revenue, USD Billion; 2018–2028)

Academic Institutions

Corporate

This report strategically examines the micro-markets and brings to light the impact of technology upgrades on the performance of the IoT in Education market.

Table of Content:

1 Scope of the Report

1.1 Market Introduction

1.2 Research Objectives

1.3 Years Considered

1.4 Market Research Methodology

1.5 Economic Indicators

1.6 Currency Considered

2 Executive Summary

3 Global IoT in Education by Players

4 IoT in Education by Regions

4.1 IoT in Education Market Size by Regions

4.2 Americas IoT in Education Market Size Growth

4.3 APAC IoT in Education Market Size Growth

4.4 Europe IoT in Education Market Size Growth

4.5 Middle East & Africa IoT in Education Market Size Growth

5 Americas

6 APAC

7 Europe

8 Middle East & Africa

9 Market Drivers, Challenges and Trends

9.1 Market Drivers and Impact

9.1.1 Growing Demand from Key Regions

9.1.2 Growing Demand from Key Applications and Potential Industries

9.2 Market Challenges and Impact

9.3 Market Trends

10 Global IoT in Education Market Forecast

11 Key Players Analysis

12 Research Findings and Conclusion
