

EvoCharge and Keystone Automotive Operations Announce Distribution Partnership for Electric Vehicle Chargers

Keystone Automotive offers EvoCharge electric vehicle charging solutions throughout the US and Canada

MINNEAPOLIS, MN, UNITED STATES, June 15, 2022 /EINPresswire.com/ -- [EvoCharge](#)[®], an industry leader in Electric Vehicle Supply Equipment (EVSE) and cable management solutions, announced it has entered into a distribution agreement with [Keystone Automotive Operations, Inc.](#) to provide Level 2 residential and commercial electric vehicle (EV) charging equipment.

Keystone Automotive business customers can view EvoCharge offerings and order online at [eKeystone.com](#) or using the eKeystone mobile app. The ecommerce site features a comprehensive digital catalog of specialty aftermarket accessories, offers 24/7 access, fast and easy online ordering, real-time multi-warehouse inventory, acquisition cost, marketing support, and more.

"As a rapidly expanding automotive category, we're seeing an increased demand from our customers for products that address the EV ownership experience," said Dan Guyer, Category Manager at Keystone Automotive. "As a leader in electric vehicle charging station solutions, we are excited to now include EvoCharge among our product offerings to serve this important market."

"EvoCharge produces the most advanced, modern, compact design and highest rated charging solutions," said Manish Virmani, vice president of sales and marketing for EvoCharge. "With consumers increasingly looking to reputed automotive dealers for charging solutions, we want to ensure that the same excellence is extended to their buying experience. Our partnership with Keystone Automotive is a big step in that direction."

As a rapidly expanding automotive category, we're seeing an increased demand from our customers for products that address the EV ownership experience."
