Evolve Global Academy by Superhairpieces is set to kick off its first live class next week starting with the men's hair replacement specialist program.

Attendees will be taught by our expert hair system stylists.

As of now, there are three courses available in the program covering hair system installation fundamentals from the consultation to attaching and removing different types of hairpieces.

“

Our courses are created by stylists and taught by stylists to help you grow your business and stand out from the competition. It's still not too late to enroll for our first live class!”

Tara Gerhart, Superhairpieces floor manager and Evolve program coordinator

The first online live class will commence Monday, June 20 from the Mississauga location of Superhairpieces. It will be focused on the mono top course and will be taught by Superhairpieces stylist Christina Luu.

Course attendees, who already have lifetime access to pre-recorded classes, will attend the live class via Zoom and can follow along with their shipped starter kits as well as ask questions.

Upon completion of the course, attendees will not only earn a certificate of completion, but will have the skills and

tools to start offering hair replacement services for their business to further grow their income.

“This is a great opportunity to invest in a class that invests in you,” said Tara Gerhart, Superhairpieces floor manager and Evolve program coordinator. “Our courses are created by stylists and taught by stylists to help you grow your business and stand out from the competition. It’s still not too late to enroll for our first live class!”

Interested hair stylists can still enroll in time for the first live class. Additionally, they will receive 46 percent off any other courses under the same program provided they buy at least one course.
