

Davao Medical School Foundation No 1 for Medical Studies in Philippines

Davao Medical School Foundation best choice for Indian Students

CHENNAI, TAMIL NADU, INDIA, June 16, 2022 /EINPresswire.com/ -- Philippine as a Country

The country boasts of its opulent natural beauty in its many spectacular seashore, tropical climate & rich bio diversity. More than that, the Philippines' unique and complex culture, as exemplified by its people, cuisine & lifestyle attracts many people to visit the country. The Philippines is known for having an abundance of beautiful beaches and delicious fruit. It is a collection of islands located in the South East Asia and is named after the King Philip II of Spain. The Philippines is also home to world renowned natural wonders like an Underground River and Rice terraces, Incredible diving spots, colorful public transportation, unique cuisine, vibrant festivals that showcase its colorful culture and friendly locals regarded as some of the specialties of this country.

The Philippines is an Archipelago found in the South East Asia that is comprised of more than 7000 islands, dotting the Pacific Ocean. With its long coastline, the country is gifted with stretches of Pristine White Sand Beaches, surrounded by crystal clear water. In fact several Philippine Islands and Beaches like Boracay, Palawan, and Siago have been consistently named as the best in the world by major travel

According to Gallup's Index, the Philippines is ranked amongst the Happiest countries in the world. Pursuing MBBS or any other educational courses in this country is a wise decision. The universities in Philippines offers a world class education in the field of medicine, nursing, pharmacy, business and many more subjects. Philippines has been a sought after destination to pursue medical education since the past few years. Besides its affordable medical universities, bountiful natural resources, acceptance of English language, the country welcomes diversity like the none other. The locals are extremely hospitable towards foreign students and tourists. In general, the Filipinos are warm, cheerful people with a great sense of humor. Philippines is the third largest English speaking country in the world. English is extensively used everywhere in the world. Pursuing MBBS in the Philippines is a wise decision. Medical education in the Philippines is an easily workable option for various reasons, including similarities like homely and welcoming culture, affordable cost of living & tuition, compatible quality of education, state of the art infrastructure and advanced educational methods.

The current education system in the Philippines requires 4 years of college grades after high school to receive a Bachelor's degree. An Indian student who has studied in India under the 10+2 system needs to complete a BS course before enrolling for an MD program. To be precise enough, an Indian student pursues a BS + MD course of 1.5 to 2 years and 4 years respectively. The system is expected to ease out in the forthcoming years as Philippines is also switching over to the 10+2 system.

The country is becoming one of the finest medical education hubs in the world. Renowned institutes are rapidly growing to attract more international students every year. The universities in the Philippines are having amazing student resource centers, Expat and Alumni communities, students hostel with great meal plans including Vegetarian and Non - Vegetarian meals in the Indian style, thrice a day.

Education Pattern:

India follows the British system of education where in the education pattern of the Philippines is US based. The private colleges here in the Philippines are still less expensive and budget friendly unlike in India. Also there is no capitation fee for admissions which is an added advantage.

Davao City:

Davao is the most populous city in Mindanao and the third largest city in the Philippines known for its bustling economic activities, urban build-up and modern amenities. The city is also nicknamed as the "Durian Capital of Philippines", & "Chocolate Capital of Philippines". The city of Davao is facilitated with an International Airport & Seaport paving an easy path for global accessibility. Mindanao is known as the land of promise because of its rich bio diversity & natural resources. The land beholds an incredible wealth from nature. The city was recognized by the international community in the year 2013, as the 1st 100% smoke free metropolitan city in association of South East Asian Nations (ASEAN) region Davao City is one of the most important economies in the island, the third most important urban center in the Philippines. By all accounts, Davao city is considered as one of the safest cities in the Philippines, to live in. Commercial establishments, places of worship, hospitals & schools are highly accessible as well.
