

Data Mynt Launches Stable Crypto Mobile Point of Sale for North American Merchants on Apple iOS

Merchants can now download Data Mynt's Crypto Mobile Point of Sale (mPOS) to get paid by their crypto customers instantly with no volatility & no declines.

OAKLAND, CA, US, June 16, 2022 /EINPresswire.com/ -- Merchants in North America may now download [Data Mynt's Crypto Mobile Point of Sale \(mPOS\) app](#) to get paid by their crypto customers instantly with no volatility, no declines, and 80% less costs versus card payments.

Data Mynt, a leading provider of stable, omni-chain cryptocurrency merchant payment and checkout solutions, is now live on the App Store with its mPOS. The easy-to-use app interface allows merchants to accept crypto from any customer wallet, including Cash App, PayPal, and Coinbase, with instant settlement and no traditional crypto volatility.

“

Over 85% of merchants want to accept crypto as payment. We're entering a new golden era for merchant payment services with a better payment method for merchants and customers everywhere.”

Alex Christian, Data Mynt CEO

In addition to using the Data Mynt crypto mPOS app to get paid, Data Mynt merchants and partners may also create and send invoices using the mobile app.

“With over 85% of merchants seeking to accept crypto as payment, this is only the beginning. We're entering a new golden era for merchant payment services with a better payment method for merchants and customers

everywhere,” noted Data Mynt CEO, Alex Christian.

Download Data Mynt mPOS app here from the App Store.
