The Many Benefits of Botox

Botox has long been used to create a youthful appearance by eliminating wrinkles, tightening

The advertisement features a photograph of a smiling middle-aged couple. To the right of the photo, the text reads "All-Inclusive Full-Mouth Dental Restoration Vacation". Below the photo is a black banner with the Scottsdale Dental & Facial Aesthetics logo (a stylized tooth) and the text "Scottsdale Dental & Facial Aesthetics". A yellow button with the text "Learn More" is positioned to the right of the logo. Below the banner, the text reads "Full Mouth Dental Restoration Vacation - Scottsdale Dental & Facial Aesthetics".

the skin, and reversing profound lines on the face. The FDA has given Botox its stamp of approval for cosmetic use.

Botox has been used for much more than aesthetics, and dental patients have begun seeking out Botox treatments for their TMJ pain. Teeth grinding and misalignments can cause the TMJ to become tense and inflamed, and Botox can help relax the muscles surrounding the joint to facilitate a better jaw function.

Research is also being done to show the benefits of using Botox for patients with chronic migraines.

Offering A Wide Range of Dermal Fillers

Scottsdale Dental & Facial Aesthetics offers a wide range of options for dermal fillers. Dr. Shatkin can address just about any cosmetic concern you have. All of the dermal fillers provided at the office are safe, effective, and can produce beautiful results.

Fillers can help plump areas that have become sunken from age, such as lips, and they can also fill out areas where patients wish to accentuate their features. Cheekbones, jawlines, and lips are the most common target areas for dermal fillers, but the uses extend beyond that list.

About Dr. Todd Shatkin

Dr. Todd Shatkin is the founder of Scottsdale Dental & Facial Aesthetics. He received his doctorate at the University of the Pacific in 1989. Since then, he has been an innovator in the field of cosmetic and implant dentistry, holding several dental-related patents including his F.I.R.S.T. technique which allows dentists to replace missing teeth in a single visit with mini dental implants.

He has also received the Five Star Diamond Award for customer care which is only given to a handful of dentists in the United States. He is an established member of several distinguished dental groups, including the American Dental Association, American Academy of Implant Dentistry, Academy of General Dentistry, International Academy of Mini Dental Implants, and the International Congress of Oral Implantologists.

Dr. Todd Shatkin provides all patients with free consultations for cosmetic dentistry or facial aesthetics. Patients can receive an assessment and customized treatment plans based on their goals and desired outcome.

The office is open from 8 am – 5 pm on weekdays and by appointment on weekends. If you are interested in receiving a free consultation at Scottsdale Dental & Facial Aesthetics, call the office at 480-566-6532 or visit them online at www.smileseofscottsdale.com
