The buses and coaches market consists of sales of buses and coaches and related services by entities (organizations, sole traders, and partnerships) that produce buses to transport people and goods.

Global Buses And Coaches Market Trends

The autonomous bus is a key trend gaining popularity in the buses and coaches market. The number of autonomous bus pilots is growing, and many manufacturers have already confirmed the introduction of autonomous bus deliveries within a few years from 2019. In November 2019, Volvo Buses conducted a live presentation of a 7900 Hybrid City Bus designed for autonomous operation. The vehicle successfully traveled between the parking lot and several workstations, including washing, repair, and electrical charging, before parking in the correct spot, with all travelers onboard.

[Global Buses And Coaches Market Segments](#)
