

Rosenman & Leventhal, P.C. Joins Dermatology Partners

Dr. Howard Rosenman and Dr. Linda Leventhal select Dermatology Partners – the region's fastest growing independent dermatology group.

YARDLEY, PENNSYLVANIA, UNITED STATES, June 23, 2022 /EINPresswire.com/ -- Dermatology Partners is proud to announce its partnership with Rosenman & Leventhal, P.C. in Yardley, PA. Dr. Howard Rosenman and Dr. Linda Leventhal are board-certified dermatologists who have been providing quality dermatological care to the Yardley community for over 40 years. Joining Dermatology Partners will allow the doctors to put their focus on patient care, rather than on the business side of running a dermatology practice.

Dermatology Partners is a physician-led dermatology group with 26 locations throughout Pennsylvania and Delaware. Its providers treat a full spectrum of diseases of the skin, hair, and nails and specialize in the detection and treatment of skin cancers, including Mohs surgery. The organization prides itself on its ability to offer patients immediate appointments so there is no need to wait weeks or months to receive care.

"Joining Dermatology Partners made sense for us because the core values on which they run their business aligned very well with how we run our practice and care for our patients," said Dr. Howard Rosenman. "We are especially excited about the opportunity this affords us to focus on providing the same quality care to our patients rather than focusing on the business side of private practice."

As of June 1, 2022, Rosenman & Leventhal, P.C. will transition to Dermatology Partners – Oxford Valley. Other than the name of the practice, patients will not notice many other changes. Dr. Rosenman, Dr. Leventhal, and their team will still be there to care for their patients each day. The
