The global motor home market consists of sales of motor homes and related services by entities (organizations, sole traders, and partnerships) that produce motor homes on purchased chassis and/or produce conversion vans on an assembly line basis. Motor homes are units where the motor and the living quarters are integrated into the same unit.

Global Motor Home Market Trends

One of the most significant trends in the motor homes manufacturing industry is the upcoming solar-powered motor homes, which are electric motorhomes powered by solar panels and a battery pack.

[Global Motor Home Market Segments](#)
